

CAUTION TO BE EXERCISED WHILE USING MOBILE APPLICATIONS:

- Do not download and install applications from untrusted sources. Install apps downloaded from reputed application market.

- Verify app permissions and grant only those permissions which have relevant context for the app's purpose.

- In settings, do not enable installation of apps from “untrusted sources”

- Avoid using unsecured, unknown Wi-Fi networks. There may be rogue Wi-Fi access points at public places used for distributing malicious applications.

- Refer to security best practices for mobile phone users
